***Allowable Subject Matter***

Claims 1-14 are allowed.

The following is an examiner's statement of reasons for allowance:

Independent claim 1, more particularly define the structure of an optical disk apparatus which includes: an optical disk with a bar code area and a control area adjacent to the bar code area; an optical head; a bar code area determination section for determining whether or not the optical spot on the disk is positioned on the bar code area based on the signal output by the optical head; and a control section for controlling the optical head, so that the optical spot moves toward the control area, when the spot is determined to be on the bar code area. These particulars, combined with the remaining claim elements are not suggested in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
